

## 20<sup>th</sup> Anniversary of Ending of Canadian Meteorology in Germany

September 30<sup>th</sup>, 2013 marks the 20<sup>th</sup> anniversary of the last aviation observation and forecast from 3 Wing, Lahr, Germany.

Here are the last official METAR and TAF from Lahr:

```
EDAN 1500 030002KT 9999 BKN100 OVC250 16/13 A2985 NOSIG LAST OB    FOREVER  
AUF WIEDERSEHEN SALUT GOODBYE.....
```

```
EDAN 0707 16005KT 9999 SCT040 OVC100  
TEMPO 9999 -RA SCT040 OVC100  
BECMG 1012 9999 -RA BKN040 OVC100 T16/14 T10/06
```

For 40-years, MSC MTs – commissioned as Met Officers (MetOs) in the Canadian Forces (yes, they did have to go through “boot camp”!) - and DND Met Techs worked together to provide weather support to air and land forces deployed in France and Germany as part of Canada's commitment to NATO.

During this period, over 100 MTs served in uniform as proud members of our Canadian Forces – in France at Marville, Grostenquin and Metz; in Germany at Zweibrücken, Baden-Söllingen and Lahr. From the late 1950s through the early 1960s with four air bases and a headquarters operational, close to 20 MTs were serving in Europe at any given time.

The following five CFE MetOs are still working actively in the service of EC/MSC:

Mike Campbell  
Norm Hart

Denis Gosselin  
Ed Hudson

Abdoulaye Harou  
Herb Thoms

## As published in “Zephyr” in 2003

September 30<sup>th</sup>, 2003 marks the 10<sup>th</sup> anniversary of the last aviation observation and forecast from 3 Wing, Lahr, Germany.

Here are the last official METAR and TAF from Lahr:

EDAN 1500 030002KT 9999 BKN100 OVC250 16/13 A2985 NOSIG LAST OB FOREVER  
AUF WIEDERSEHEN SALUT GOODBYE.....=

EDAN 0707 16005KT 9999 SCT040 OVC100  
TEMPO 9999 –RA SCT040 OVC100  
BECMG 1012 9999 –RA BKN040 OVC100 T16/14 T10/06

For 40-years, MSC MTs – commissioned as Met Officers (MetOs) in the Canadian Forces (yes, they did have to go through “boot camp”!) - and DND Met Techs worked together to provide weather support to air and land forces deployed in France and Germany as part of Canada’s commitment to NATO.

During this period, over 100 MTs served in uniform as proud members of our Canadian Forces – from Marville, to Grostenquin, to Metz, to Zweibrucken, to Baden-Soellingen, to Lahr. From the late 1950s through the early 1960s with four air bases and a headquarters operational, close to 20 MTs were serving in Europe at any given time.

Twenty-two of these MTs are still working actively in the service of MSC:

Mike Campbell	Paul Delannoy	Angus Fergusson
Denis Gosselin	Abdoulaye Harou	Norm Hart
Bill Hartman	Bob Howell	Ed Hudson
Blaine Jelley	Richard Joseph	Marcel Lanoue
Louis Lefavre	John Merrick	Normand Michaud
Rick Power	Herb Thoms	Peter Schwarzhoff
Jim VanOs	Rick Wagner	Brian Wong
Jim Yip		

Although no longer with MSC, Bryan Boughton continues as Officer-in-Charge of the NATO Weather Office at Geilenkirchen, Germany.

Below is a photo of the plaque unveiled by the then ADM, Gordon McBean, on the occasion of the NATO Met Reunion held at 8 Wing Trenton April 23<sup>rd</sup> - 25<sup>th</sup>, 1994. The plaque is housed on the grounds of the RCAF Memorial Museum. More information on the museum is available at: <http://airforcemuseum.ca/en/>

ENVIRONMENT  
CANADA  
ATMOSPHERIC  
ENVIRONMENT  
SERVICE
